J334	Roadster parked in another different location. "Norge Appliances" sign in background.
J335	Pictures J335-342 are of the "Johnny Hays Ford" used car lot. In the 1952 City Directory it is listed at 124 S 4th Street. However, I think these particular pictures may have been taken outside the Hays' dealership at 133 S 6th Street. Perhaps in the center of the block bounded by 5th, 6th, Ohio, and Walnut Streets. The key pictures are the first two. - An old, dark (probably black) Ford touring car is the focus of the picture: however, the billboard clearly identifies this as the "Hays Ford Sales Inc." lot. Note the sign of the Terre Haute Savings Bank "Established 1869".
J336	Behind the touring car, a sign in the office window is partly illegible but says "Moved to ? Lot..."
J337	Front view of Ford touring car.
J338	Same as J337, plus sign in background says "Quality Costs Less at Roots."

J343	In the late 1950's two brothers, Bob and Johnny Moore operated large used car lots on Terre Haute's East Side. BOB MOORE'S LITTLE DETROIT LOT, 1350 Wabash Avenue, 1956 City Directory. Unlike most of the preceeding photos, these were taken at a later date. 1956. Most of the others were taken around 1949. Bob Moore died unexpectedly November 14, 1971, aged 47. - The billboard is large and effective, it advertises the Wabash Valley's largest used car dealer- Bob Moore. The sign in one window also advertises "Brand New '56 Chevrolet." Old coupe is parked on a rain-slick Wabash Avenue. Time is winter, perhaps February 1956.

J357 "JOHNNY MOORE'S USED CARS"-1126 Wabash Avenue (1956 City Directory). I have been told that Johnny Moore is still selling used cars in Bloomington, Indiana (Jan.3,1989). This may be true, but he is surely working for someone else as I found no listing for him in the Bloomington Yellow pages. - An old roadster is parked in front of J.Moore's office.

J358 Front view of roadster. Stewart-Carey Paint Store in right background.

J359 Rear view of roadster. 1957 Ford Fairlane 500 2-door hardtop in left background gives some indication of the date of this photo.

J367 1948 Auto Show at Paul Cox Field (S 7th and Davis Ave.). This seems to have been a combination of new and very old cars as witness the 1904 Cadillac and a new, white '48 Cadillac in J369 and a "woody" Pontiac stationwagon in the background of J370. In J376 the cars parked alongside Davis Avenue include a touring car with white top up. At the left side of J375 a part of the hangar is visible and parked close to it is a jeep, probably about a '48. These were the popular vehicles for the civilians after World War II. The '48 Cadillac, in all propability, got the most acclaim because of its revolutionary "fins"- the first ever on american cars. This combination Air-Auto Show was held on Sunday, September 26, 1948. Page 7 of the Tribune, September 27th, says between 5,000 and 7,000 people attended. Air Force F-51's gave a fine aerial display. The 1904 Cadillac is the focus of this picture, though the "Central Aviation" hangar at Paul Cox Field is prominent in the background.

J368 Same as J367.

J369 Same as J367.

J370 Different angle. "Woody" Pontiac stationwagon.

J371 Different angle. Small "terminal" at Paul Cox Field. This may be the only photo of it in existence. It had a Cafe. Note the "EAT" sign above the building. The smokestacks in background are Davis Gardens (hothouse tomatoes,etc.).

J372 The 1904 Cadillac is the focus of the photo. In the background is the home of Herbert W. and "Dess" Hylton at 3426 S 6th Street. Mr. Hylton was one of the Scout Masters of Troup #27 to which I belonged in the early 50's. His father was principal of Garfield High School. The house still stands (1-6-89) though aluminum siding has been added. Hylton sold it in 1987 or early '88.

J383 1958 Auto Show on Wabash Avenue.- This was a combination old car - new (1958) car display that was held on Wabash Avenue May 22nd and 23rd, 1958 although crowds began to appear Wednesday, May 21st. It was sponsored by the Chamber of Commerce and timed to coincide with the pre-Indianapolis 500 race festivities. All of this is documented by the Terre Haute Tribune, May 21, 22, 1958, page 1. - The prize-winning 1902 Oldsmobile is the focus of the photo but an elegant "now" 1958 Oldsmobile is in the background.

J229b Same car as J229a. Here the boxy 4-door sedan is parked on Lafayette Avenue. In the background are signs proclaiming "Kersey's Beer" and "12 Points Hardware."

J230 Plate 839 715 on a nice 4-door sedan that has large wooden spokes. This is the same car as J19 and J20; however, here the car appears to be much darker and shinier than J19-J20.

J231 Slightly different angle. In right background is W.M.Steward's filling station.

J232 This and the next two pictures are puzzling. They may be the same car, or J234 may be a different car. Only a part of its license number is visible. In all cases the car(s) was (were) parked on the south side of Ohio Street about 100 feet east of the intersection with 6th Street. The pictures were taken month apart as Roots' Ohio Street Store was remodeled from a 3-story brick to a 2-story brick structure using white face brick. 1949 Indiana plate 218 034 on this Ford 4-door sedan. The Steak 'n Shake restaurant at 33 S 6th Street is plainly visible as a little building in the center background.

J233 Same as J232.

J234 License # 218 ????. Roots' Ohio Street Store in background has been remodeled.

J235 Plate 222 542. This old touring car is parked on S 5th Street near Ohio with St. Joseph's Male Academy (1888) in the background. About August or September 1988, the entrance of the old Academy was remodeled.

J236 This car is distinguished by a small spotlight near the steering wheel and a large letter "R" in one of the back windows most likely stood for "Rose Polytechnic."

J248 Same as J247.

J249 This dark 4-door sedan has solid (non-spoke) type wheels. It is parked on the east side of S Second Street (Harding Ave.) just south of Walnut. In the extreme right background is Pence's Hall (with the peaked roof) which was later the Downey Hatchery. This side of the Hall was Dr. Allen Pence's two-story house that had a one-story porch. The porch posts are visible in this photo. All of this is confirmed by A.R.Markle's "Photographs of Old Terre Haute Buildings," Vol.2 - 720.977245.

J260 1949 Indiana 218 687 is parked diagonally in front of the Court House. In the background are Corner Furniture and Morris Pawn Shop.

J261 Here the car is parked at 4th and Wabash. In the right background is Court House Furniture while in the left background is Smith's Department Store. This car has distinctive "eyebrows" over the headlights.

J262 1949 Indiana plate 998 212 on old touring car that may not be the same car as J263. There are, however, many similarities. Both have white rimmed headlights, an "R" on the windshield, a dark, shiny hood as compared to duller body color, and a similar radiator cap, and a spotlight pointed downward. In many respects this car looks much like J75-80; however, there are too many dissimilarities.

J263 There is no visible license plate. The top looks more worn than J262. There is no "R" in the rear window. However, the similarities are convincing.

J264 This and the following 13 pictures are of the same Ford touring car that was parked in front of Henderson's Music Store, 21 S 13th Street. Probably about 1948. Warren Henderson Jr. died in 1986 and so the Music Store ceased to exist. Here the old touring car is clearly identified as a Ford.

J278 This and the following 15 pictures are of Harold Kadel's 1913 Ford roadster, it bears license plate # 1484 and is parked at the gas station at 13th and Ohio Streets. J292 shows a 1957 Plymouth in the background so the pictures were not taken before September 1956, as that is when the '57s came out. The 1958 Terre Haute City Directory says Earl Ransom operated the gas station (Texaco) at 1300 Ohio Street. Harold Kadel owned this 1913 roadster and operated Kadel Enterprises (used cars) at 1527 Ohio Street. Front view of Harold Kadel's 1913 Ford Roadster.

J294 BROOKS' CARS BOUGHT, SOLD, TRADED." Hi Cash for your car". Page 58 of the 1949 Terre Haute City Directory states that Brooks' Auto Exchange was established in 1921. In 1949 Ada Brooks had her business at 812-18 Ohio Street. Apparently Harold F. Kadel assisted her, though he was also captain of the Terre Haute Fire Department. It is his very old Ford Roadster that appears in the pictures bearing Indiana 1913 license plate #1484. This is the same car as in photos J278-J293. Here the old roadster is parked beside a maroon and black '51 Chevrolet coupe. In the left background is the St. Mark Evangelical and Reformed Church (1959 City Directory). It was torn down in 1960 or 1961. In 1949 it was called Zion Evangelical and Reformed Church, 801 Ohio Street. In the background the marquee of the "Wabash" Theater proclaims: "Watch for the Gala Opening Soon." The back of the photo says it was processed the week of November 19, 1953. However, the photo may have been taken before November 9, 1953.

J295 This photo was almost certainly taken the same day as J294. In the background a portion of the sign Independent Order of Oddfellows "Temple" is visible.

J296 Here, the old Ford roadster is parked in front of a large sign "Brooks' Cars Bought, Sold, Traded " which is painted on the east wall of the Oddfellow's Temple.

J310 Front and right side view of Ford roadster. Right background shows part of two-storied frame building at 812 Ohio Street. It was the home and office of Mrs. Ada Brooks, who owned Brooks' Used Car Lot. Both the house at 812 and 818 Ohio Street were frame, two-storied and very old, probably about 1860. Both were torn down about 1982. They were located on lots 46 and 47 of C. Rose's Subdivision. See pg. 81 of the "1874 Atlas of Vigo County". Either 812 or 818 Ohio may have been the residence of Dr. Ezra Read as shown on pg. 63 of the "1874 Atlas of Vigo County" and pg. 37 of A.R.Markle's "Photographs of Old Terre Haute Buildings", Vol.1, SpC 720.977245P shows 812 and 818 Ohio Street as they were a long time ago, probably in the 1930's as the autos in the photo are of that vintage, perhaps 1935.

J416 MISCELLANEOUS ANITQUE AUTOS- This final category is comprised of pictures of cars for which there is only one photo per car. I could not match any of these cars to any of the cars in the preceeding categories. I paid close attention to body styles and license plate numbers. All these cars are pre-World War II (1939). Many are pre - 1930. Cars are organized by size of photograph with the smaller photos being numbered first. 1049 Indiana plate 223 937. J441 1949 Indiana plate 226 630. Car is parked near Nash "Gasaway Motors" on East Wabash Avenue.

J442 1949 Indiana plate 220 408. 4-door sedan, perhaps a Chevy since they often had solid (no spokes) wheels about 1927.

J443 The car to the left appears to be ready for salvage. In background is a huge German linden tree surrounded by low iron fence in Woodlawn Cemetery. The linden died about 1985. At one time it was magnificent.

J444 This car may have been converted into a roadster. It has unique "wings" painted on the driver's door.

J445 This flat-top coupe appears to be in pristine condition parked in front of "United Autos". A 1952-54 Ford stationwagon is in left hand side of photo. This could be United Auto Electric Co., Inc., 112 N 5th. They sold auto accessories. Sign behind old coupe mentions "seat covers".

J446 This 2-door sedan has a cracked side window.

J447 1949 Indiana plate 236 191. This small coupe is parked on Wabash near 5th across from Tune Brothers.

J471 *Fire Department Equipment* Included in the collection of photographs by Jesse Smith are 45 pictures of antique firetrucks, fire engines, and perhaps, a fire chief's car. 1954 AW 7779. Here is what appears to be a fire chief's car from Wayne Township Volunteer Fire Department. Perhaps this car contained extra fire-fighting equipment. In this series of pictures the car has a "contrived" tent roof and is parked on N 7th about 60 ft. north of Wabash Avenue, and very close to the west entrance of the Terre Haute House. The Readmore bookstore is in the background.

J476 Here a 1910 Oldsmobile "firetruck" is parked at the intersection of 7th and Wabash. The street is rain-slick.

J477 Front view. This is surely the same vehicle as the one pictured on p.64 and other pages of Tom Champion's history of the "Terre Haute Fire Department 1855-1975." It was to cost \$ 4,100. It was called "an auto chemical and hose wagon." The era of horse-drawn equipment was coming to an end, or at least beginning to come to an end.

J503 This truck has Firestone tires. They have half of it (1918 Seagrave Ladder Co.) at the Fire-Police Museum at S 8th and Idaho Streets.

J504 In 1947 when I was 7, I remember the huge piles of straw of the Terre Haute Paper Company at the corner of Voorhees Street and the Prairieton Road. In there photos the straw is burning. So far as I can tell, it is the same truck throughout this series of pictures. The straw is hardly distinguishable in this photo.

J528 This may be a different U.S. Mail truck that is parked near the northeast corner of 6th and Walnut. The First Baptist Church is in left background. In the center background is the "building that housed Max Ehrmann's apartment". The 1942 City Directory lists Max Ehrmann, author, at 128 1/2 S 6th. Other people had offices or apartments here in 1942 as did Fred H. Thoms, lawyer; and John Riddle, lawyer; all at 128 1/2 S 6th. This picture focuses on a U.S.Mail truck and a 1947 Ford

delivery truck. The presence of these can be explained by the fact that in 1949 the Rodgers-Day Ford sales lot was at 130 S 6th Street.

J572 Here the truck is parked on Wabash Avenue. Duffy's Cafe at 940 Wabash is in the background. National Consumer's Oil Company filling station is barely visible at 942 Wabash.

J573 T 14719 appears to be a roadster that has had a "box" added on the back for hauling items.

J574 Same as J573.

J575 1950 Indiana 82558 parked across the street from the Ritz Pool Room at 29 N 3rd Street.

J576 Yet another jalopy pick-up. The license number is obscure but the last digits are "19." The hoodcover is missing.

J577 The nameplate on the hood says "General Motors Truck."

J578 1950 Indiana 81704. Another very crude pick-up truck with wooden fence-like railing.

J579 This truck and the next appear to be parked at F.C.Foltz Company at 929-33 Wabash Avenue.

J580 This truck has storage space over the cab.

J581 T 40616 on the delivery truck of the Claude W. Jackson Grocery. Its antiquity contrasts nicely with the much more modern delivery truck of the Bogle Grocery Store across the street at 1428 S 17th Street.

J582 The nifty little pick-up has wire wheels. In the background the marquee of the Grand Theater advertises that a film starring Jeff Chandler and Kim Novak is playing. A gorgeous 1956 Cadillac is parked in front of the Metro's.

J583 1940 Indiana T 41782 is parked at 14 th and Wabash. In the background are the Jeffries Store No.2 and Steeg Park, now Gilbert Park.

J584 T 41718 (??) - Another "jalopy" pick-up parked across the street from People's Furniture Store At 512 Wabash Avenue.

J585 This truck seems to be in better condition than many of the others.

J586 1949 Indiana T43145. The windshield appears to be broken.

J587 This would appear to be a 1920's coupe that has had the rumbleseat removed and a long cargo "box" added.

J588 1949 Indiana 234718. I call this a sedan delivery truck. It is parked on the detour of US 40. The sign on the panel definitely says "Appliances" but above the letters are indistinct.

J467 2-door coupe parked at 13th and Wabash. Morrow's Hamburgers and Tommy's

Tavern in background.

J589 This is the "open" type of streetcar that was used in the summertime. The location is also unknown, but there is a boxcar in the right background. Leaves are off the tree so this must have been taken in Novemeber-early April.
